Nazwa produktu: ENDORFY Thock 75% Palm Rest
Kod produktu: EY0E007

The ENDORFY Thock 75% Palm Rest is a soft ~~pillow~~ palm rest for your tired hands. It's compatible with our Thock 75% keyboards – our favorite combo TBH.

We've designed it to give you hours of comfortable work (and/or fun). The ENDORFY Thock 75% Palm Rest has magnetic mounts and 4 rubber feet that keep it in check even when it's placed at a distance from the keyboard. Because we want you to focus on what's happening on the computer... Leave the rest to us – we'll handle it.

Elegant and low effort
75% Palm Rest, 100% elegant, and easy to maintain – we couldn't have made it any easier even if we tried.

It's made of PU Leather that looks like real leather, but it doesn't dry out or crumble over time. It's also easy to clean – just wipe it with a damp cloth to make it look new again.

One step and you're on
The assembly of the Thock 75% Palm Rest is not rocket science. There's just one step – move it to the front of the keyboard. And that's it. You're on (and so is the Thock 75% Palm Rest).

Magnetic mounts — the technology of the future. You'll get magnets for the keyboard's side too, with simple instructions on how to attach them to the bottom of your device. It's a great option especially if you don't like mechanical latches – magnets are invisible and withstand even strong pulls.

Quadruple stabilization
The Thock 75% Palm Rest doesn't slip around your desk. Your wrists can move freely – the Thock holds steady even when you keep it at a distance from the keyboard.

This is thanks to the 4 rubber feet that we slapped on the bottom. Each of them stabilizes the Thock 75% Palm Rest and makes sure that it doesn't move an inch on the tabletop.
