Product name: ENDORFY Spartan 5
Product code: EY3A001

The ENDORFY Spartan 5 is small but efficient, like good air conditioning on a hot summer day. Somewhere in the desert. In the middle of the day.

At its highest point, it's 14.6 cm – short enough to fit in most cases (even the small ones) and keep your CPU cool as ice. Its centerpiece is a 120 mm Fluctus fan, which we mounted on a densely finned heatsink. With such a package you can render and design without worrying that your CPU will suddenly get a fever.

The ENDORFY Spartan 5 is also compatible with many sockets (from older ones like AM2 and LGA1156 to AM5 and LGA1700) and tall RAM sticks.

Hello, can anyone hear me?
The Spartan 5 works so quietly that it could easily get a high-five from any librarian. If you have perfect hearing, you may hear it during 3D rendering or advanced technical simulations.

Perhaps.

A constant stream of airflow is supplied by the award-winning 120 mm Fluctus fan. The blades have been shaped in such a way as to blow as much air as possible through the densely arranged heatsink fins. Each blade has a wavy edge, which further reduces fan noise (psychoacoustic optimizations used in Fluctus fans are patent pending).

This is ~~Sparta~~ the Spartan 5!
The Spartan 5 is small, but don't let its compact size fool you!

It's 14.6 cm tall – short enough to fit in most cases and keep your CPU cool as ice. It keeps the components pleasantly cool even when you pull an all-night gaming session after a busy day of work.

Such effective cooling is possible thanks to the heatsink with dense ribbing, which collects thermal energy well. The optimized base with direct-touch heat pipes drastically improves the dissipation of heat. This is ~~Sparta~~ the Spartan 5!

Mount in a moment
You can literally mount the Spartan 5 in a moment without additional fancy tools. By the way, we've taken care of the usually hardest things – we've preinstalled a 120 mm Fluctus fan for you – so you'll be able to handle the whole process easily, even if it's your first time assembling a PC.

6-year warranty
We have been in the industry for a long time, and we know that the ENDORFY logo = high quality that cannot be faked. That's why with the Spartan 5 cooler you get a long, 6-year warranty (although you probably won't use it anyway).

ENDORFY Spartan 5 – main features:
- Cost-effective CPU cooling
- Compact design

- Integrated Fluctus fan
- Extended fan speed range
- Pre-applied Pactum PT-3 thermal paste
- Easy and rapid installation
- 6-year warranty

ENDORFY Spartan 5 – technical specifications:

- Product code: EY3A001
- EAN: 5903018665788
- Product type: CPU air cooler
- Color: black
- Radiator dimensions: 146×125×65 mm
- Radiator type: tower
- Heatpipes: 2
- Maximum number of fans: 1
- Fans (included): 1
- Included fans:
    - 1 × Fluctus (integrated)
        - Fan dimensions: 120×120×25 mm
        - Fan speed: 250 (±100) – 1500 (±10%) RPM
        - Control (speed): PWM
        - Connector (fan): 4-pin (male and female)
        - Voltage (fan): 12 V
        - Current (fan, peak): 0.22 A
        - Fan bearing: FDB
- MTBF: 100 000 h
- TDP: 160 W
- CPU compatibility:
    - AMD: AM5, AM4, AM3(+), AM2(+), FM2(+), FM1
    - Intel: LGA1700, LGA1200, LGA1150, LGA1151, LGA1155, LGA1156
- Warranty: 72 months

ENDORFY Spartan 5 – logistics data:

- Retail box dimensions: 153×113×184 mm
- Weight (net): 435 g
- Weight (gross): 555 g
- Master carton dimensions: 590×325×402 mm
- Master carton weight (gross): 12.6 kg
- Product quantity in master carton: 20 pcs

Set includes:

- 1× Spartan 5 heatsink with integrated Fluctus fan and pre-applied Pactum PT-3 thermal paste
- 1× Mounting accessories
- 1× User and safety manual
