

Nazwa produktu: ENDORFY Thock 75% Palm Rest
Kod produktu: EY0E007

The ENDORFY Thock 75% Palm Rest is a soft ~~pillow~~ [palm rest](#) for your tired hands. It's compatible with our Thock 75% keyboards – our favorite combo TBH.

We've designed it to give you hours of comfortable work (and/or fun). The ENDORFY Thock 75% Palm Rest has [magnetic](#) mounts and 4 rubber feet that keep it in check even when it's placed at a distance from the keyboard. Because we want you to focus on what's happening on the computer... Leave the rest to us – we'll handle it.

Elegant and low effort

75% Palm Rest, 100% elegant, and easy to maintain – we couldn't have made it any easier even if we tried.

It's made of PU Leather that looks like [real](#) leather, but it doesn't dry out or crumble over time. It's also easy to clean – just wipe it with a damp cloth to make it look new again.

[One step](#) and you're on

The assembly of the Thock 75% Palm Rest is not rocket science. There's just one step – move it to the front of the keyboard. And that's it. You're on (and so is the Thock 75% Palm Rest).

[Magnetic](#) mounts — the technology of the future. You'll get magnets for the keyboard's side too, with simple instructions on how to attach them to the bottom of your device. It's a great option especially if you don't like mechanical latches – magnets are invisible and withstand even strong pulls.

Quadruple stabilization

The Thock 75% Palm Rest doesn't slip around your desk. Your wrists can move freely – the Thock holds steady even when you keep it at a distance from the keyboard.

This is thanks to the 4 [rubber](#) feet that we slapped on the bottom. Each of them stabilizes the Thock 75% Palm Rest and makes sure that it doesn't move an inch on the tabletop.
