

Product name: ENDORFY Ventum 200 Air
Product code: EY2A002

The ENDORFY Ventum 200 Air is a ~~man~~ [case](#) in black, built for special tasks in mind. It keeps your precious components cool and collected, the perforated front panel protecting them from dust — and thanks to the tempered-glass window, you can always sneak a peek inside to admire your pro cable management.

At the same time, the ENDORFY Ventum 200 Air is slender — measuring only 440×216×373 mm — but roomy like a survivalist's backpack. It can fit a full-sized ATX motherboard and up to 3 2.5" disks (or 2× 2.5" and 1× 3.5", it's up to you). For cooling, you can either equip it with as many as 7 fans or install a liquid cooling system — on the top (240 mm) or the front (360 mm). For good measure, we've already included 4 Stratus 120 PWM fans. [Enjoy!](#)

Beaufort [Ventum](#) force 10

It's in the name! The ENDORFY Ventum 200 Air is, well, airy — the perforated metal front panel ensures proper airflow, even if you're grinding for hours on ultra-high settings. With up to 7 fans inside, it's guaranteed to get windy.

The front metal panel of the ENDORFY Ventum 200 Air is finely perforated: its holes smaller than 0.9 mm in diameter, ensuring good airflow. Thanks to the included set of removable, magnetic filters, the case also protects your build from dust and dirt, while being conveniently easy to clean.

Stratus for a start

The ENDORFY Ventum 200 Air doesn't take up much space, but it has space — enough for as many as 7 120 mm fans. And for your convenience, it comes with 4 Stratus 120 PWM fans already pre-installed.

Developed in collaboration with Synergy Cooling, the Stratus 120 PWM fans are one of our favorites. These quiet heroes run on robust fluid dynamic bearings, and through a PWM signal you can slow them down to as little as 200 RPM. Cakewalk!

Nothing to hide

It's showtime! The ENDORFY Ventum 200 Air is perfect for those, who take pride in their hand-picked components and meticulous cable management. Sporting a sturdy tempered-glass window, it gives you a good view of your prized build.

Small [but spacious](#)

It's like a [well-designed](#) woman's purse — it might not look like much from the outside (measuring only 440×216×373 mm), but it holds **a world** (of components) inside.

Inside the ENDORFY Ventum 200 Air, you can easily fit a full-sized ATX motherboard, up to 3 2.5" disks (or 2× 2.5" and 1× 3.5", it's up to you), and as many as 7 120 mm fans. With plenty of space inside, you can install a liquid cooling system: 240 mm on the top or even a 360 mm one on the front of the case.

ENDORFY Ventum 200 Air – main features:

- Tempered glass side
- Mesh front panel
- Convenient dust filters
- Wide cooling compatibility
- Compact form factor
- 3 storage mounts

ENDORFY Ventum 200 Air – technical specifications:

- Product code: EY2A002
- EAN: 5903018666211
- Product type: PC case
- Color: black
- Dimensions (H×W×L): 440×216×373 mm
- Motherboard form factor: ATX, microATX, ITX
- Graphics card clearance (GPU): 315 mm
- CPU cooler clearance: 161 mm
- Power supply clearance: ATX up to 180 mm
- Expansion slots: 7
- Number of bays:
 - internal:
 - 1× 2.5"/3.5"
 - 2× 2.5"
- Cooling system:
 - Maximum number of fans: 7
 - Number of fans included: 4
 - Front: 3× Stratus 120 PWM fan (200–1400 rpm)
 - Rear: 1× Stratus 120 PWM fan (200–1400 rpm)
- Radiator compatibility:
 - Front: 1× 120, 240, 280, 360 mm
 - Top: 1× 120, 240 mm
 - Rear: 1× 120 mm
- Dust filters:
 - Front: mesh
 - Top: magnetic
 - Bottom: magnetic
- Front I/O:
 - 2× USB-A
 - 1× headphones (minijack 3.5 mm)
 - 1× microphone (minijack 3.5 mm)
 - 1× POWER button
 - 1× RESET button
- Warranty: 36 months

ENDORFY Ventum 200 Air – logistics data:

- Retail box dimensions: 484×264×417 mm
- Weight (net): 4.70 kg
- Weight (gross): 5.50 kg

Set includes:

- 1× ENDORFY Ventum 200 Air case
- 4× Stratus 120 PWM fan

- 1× Installation accessories
- 1× User and safety manual
