

Product name: ENDORFY Regnum 400 ARGB
Product code: EY2A009

The ENDORFY Regnum 400 ARGB can fit everything you need, all while enhancing your meticulously built battle station with its ARGB glory. With the [EY2A009] you have [everything](#) under control — peek inside whenever you want, through the window made of tempered glass. You can install up to 4 2.5" disks (or 2× 2.5" and 2× 3.5"), with enough room left for a motherboard and a 370 mm GPU.

And even when things get heated, you can stay cool as cucumber ~~the~~ [the ENDORFY Regnum 400 ARGB](#). The case is designed to ensure airflow and maintain low temperatures. Pick your champion — either an air-cooled system with up to 8 fans or a liquid-cooled one with a 240/280 mm radiator on the top (and even 360 mm on the front!).

~~Wolves are~~ [Wind is](#) howling

Mind your hat, it's getting windy in here. The Regnum 400 ARGB keeps your precious components safe in an airy and cool environment — so you can focus on more enjoyable things than constantly monitoring the temperatures.

And if you want to start a hurricane season, you can even install up to 8 fans. The Regnum 400 ARGB also gives you two options for mounting liquid cooling systems (240/280 mm on the top, and up to 360 mm on the front). The mesh ~~shield~~ [front](#) helps to maintain proper airflow while protecting your components from dust.

Have you met Stratus?

The Regnum 400 ARGB is a treasure chest, housing your precious rig. It even comes pre-equipped with jewels — you get 4 Stratus 120 PWM fans with ARGB backlight, which we developed in collaboration with Synergy Cooling.

The Stratus 120 PWM ARGB fans are one of our favorites. These [quiet](#) heroes run on robust fluid dynamic bearings, and through a PWM signal you can slow them down to as little as 200 RPM. Cakewalk!

Showtime

If you take pride in your work and like to take an occasional peek inside your PC, the Regnum 400 ARGB has got you covered. Its sturdy tempered-glass window elegantly displays your shiny ~~treasures~~ [components](#).

Enormous ~~potential~~ interior

The Regnum 400 ARGB takes no prisoners — but it could hold a few. It offers plenty of space thanks to its sizable interior, without overwhelming your entire room.

The Regnum 400 ARGB can easily fit everything you'll need to reign [\(get it?\)](#) over the world. Within the case (which is 472×442×220 mm), you can install up to 4 disks (either 2× 2.5" and 2× 3.5", or 4× 2.5") and up to 8 fans. It also fits a motherboard, a 296 mm long PSU, and a GPU up to 370 mm.

Additionally, you have two separate ways to mount liquid cooling systems — on the top (240/280 mm) or the front (up to 360 mm).

Light it up (with ARGB)!

Darkness might be an old friend — but from time to time everyone wants to feel and look [fabulous](#), and so does your PC. With its customizable backlighting, the Regnum 400 ARGB can easily become the centerpiece of your setup.

Make it look exactly the way you want. The case comes with 4 pre-installed Stratus 120 PWM ARGB fans, which allow you to customize their backlighting effect — options aplenty, from a pulsating rainbow to a steady singular color. You can control everything with the ~~personal assistant~~ [controller](#) integrated with the ARGB signal distributor. It's a no-brainer!

The set is compatible with all "ARGB" ENDORFY products (and even with some products of other manufacturers), so you can effortlessly synchronize the backlight of the entire setup based on the Regnum 400 ARGB.

ENDORFY Regnum 400 ARGB – main features:

- Tempered glass side
- Ample internal space
- Multi-radiator capacity
- Airy and accessible front
- High airflow design
- ARGB lighting

ENDORFY Regnum 400 ARGB – technical specifications:

- Product code: EY2A009
- EAN: 5903018666280
- Product type: PC case
- Color: black
- Dimensions: 472×220×442 mm (H×W×L)
- Motherboard form factor: ATX, microATX, ITX
- Video card clearance (GPU): 370 mm
- CPU cooler clearance: 162 mm
- Power supply clearance: ATX up to 296 mm
- Expansion slots: 7
- Number of bays:
 - internal:
 - 2× 2.5"/3.5"
 - 2× 2.5"
- Cooling system:
 - Maximum number of fans: 8
 - Number of fans included: 4
 - Front: 3× Stratus 120 PWM ARGB fan (200–1400 rpm)
 - Rear: 1× Stratus 120 PWM ARGB fan (200–1400 rpm)
- Radiator compatibility:
 - Front: 1× 120, 240, 280, 360 mm
 - Top: 1× 120, 240, 280 mm
 - Rear: 1× 120 mm
- Dust filters:

- Front: magnetic
 - Top: magnetic
 - Bottom: magnetic
- Front I/O:
 - 2× USB-A
 - 2× AUDIO JACK
 - 1× POWER button
 - 1× RESET/LED button
- Controller:
 - 1× PWM+ARGB controller (5× PWM 4-PIN, 5× ARGB 3-PIN)
- Warranty: 36 months

ENDORFY Regnum 400 ARGB – logistics data:

- Retail box dimensions: 520×280×505 mm
- Weight (net): 6.30 kg
- Weight (gross): 7.30 kg

Set includes:

- 1× Regnum 400 ARGB case
- 4× Stratus 120 PWM ARGB fan
- 1× PWM+ARGB controller
- 1× Installation accessories
- 1× User and safety manual
