

Product name: ENDORFY Arx 500 Core

Product code: EY2A016

The Arx 500 Core is a spacious and airy PC case, perfectly suited for high-performance builds – whether for gaming or professional use. Supporting full-sized ATX motherboards, it can accommodate radiators up to 360 mm long. The case also comes with dust filters, a fast USB-C port, and space for up to 7 fans.

Top-notch Stratus fans

The Arx 500 Core fits up to 7 fans, including two pre-installed 140 mm Stratus PWM fans – one at the front and another at the rear. Developed in collaboration with Synergy Cooling, these fans ensure quiet operation and effective cooling for your components.

Thanks to their robust FDB bearing, they offer long-lasting durability and reliability. Additionally, PWM control allows precise fan speed adjustment across the entire operating range.

Efficient cooling and dust protection

The finely perforated PC case, combined with the pre-installed fans, ensures efficient cooling for your components. The top and front panels, which also serve as dust filters, and the filter at the bottom of the structure protect the inside of the case from dust. You can easily remove and clean them.

Spacious interior for demanding users

The Arx 500 Core is a spacious PC case that easily accommodates even the most demanding components. The case supports a wide range of cooling configurations, including a 360 mm radiator at the front, a 280 mm radiator at the top, and a 140 mm radiator at the rear. It also fits air coolers up to 179 mm in height and supports up to 7 fans. There's also plenty of room for graphics cards up to 350 mm and power supplies up to 300 mm. With 7 expansion slots and compatibility with ATX, microATX, and mini-ITX motherboards, you have full flexibility to build your perfect setup.

Tempered glass and hidden cables

The side panel of tempered glass lets you enjoy a clear view of your computer's interior at all times. It blends seamlessly with both subtle components and vibrant gaming hardware with LED backlight. Numerous cable grommets, combined with space behind the motherboard tray for better cable management, improve interior aesthetics and optimize airflow. As a result, your components stay cooler.

Modern I/O panel with fast USB-C

The I/O panel of the Arx 500 Core, located at the front of the top panel, is equipped with a practical selection of ports. It includes two USB-A 3.2 Gen 1 ports (up to 5 Gbps) and two 3.5 mm audio jacks for headphones, speakers or a microphone. There's also a modern, high-speed USB-C 3.2 Gen 2 port (up to 10 Gbps) – allowing you to easily connect devices that require this type of port, without the need for adapters.

ENDORFY Arx 500 Core – main features:

- Two Stratus 140 PWM fans

- Convenient dust filters
- Multi-radiator capacity
- Ample internal space
- Tempered glass side
- Airy and accessible front
- Efficient cooling of components
- Front-panel USB-C port
- Convenient cable management

ENDORFY Arx 500 Core – technical specifications:

- Product code: EY2A016
- EAN: 5903018667966
- Product type: PC case
- Color: black
- Dimensions (H×W×L): 486×228×429 mm
- Motherboard form factor: ATX, microATX, mini-ITX
- Graphics card clearance (GPU): 350 mm
- CPU cooler clearance: 179 mm
- Power supply clearance: 300 mm
- Expansion slots: 7
- Number of bays:
 - internal:
 - 1× 2.5"/3.5"
 - 6× 2.5"
- Cooling system:
 - Maximum number of fans: 7
 - Number of fans included: 2
 - Front: 1× Stratus 140 PWM fan (200-1200 rpm)
 - Rear: 1× Stratus 140 PWM fan (200-1200 rpm)
- Radiator compatibility:
 - Front: 1× 120, 240, 280, 360
 - Top: 1× 120, 240, 280
 - Rear: 1× 120, 140
- Dust filters:
 - Front
 - Top
 - Bottom
- Front I/O:
 - 1× USB-C 3.2 Gen 2 (up to 10 Gbps)
 - 2× USB-A 3.2 Gen 1 (up to 5 Gbps)
 - 1× headphones (minijack 3.5 mm)
 - 1× microphone (minijack 3.5 mm)
 - 1× POWER button
 - 1× RESET button
- Warranty: 36 months

ENDORFY Arx 500 Core – logistics data:

- Retail box dimensions: 485×297×530 mm
- Weight (net): 7.15 kg
- Weight (gross): 8.35 kg

Set includes:

- 1× ENDORFY Arx 500 Core case
- 2× Stratus 140 PWM fan
- 1× PWM splitter
- 1× Installation accessories
- 1× User and safety manual
