

Product name: ENDORFY Arx 500 White ARGB
Product code: EY2A018

The Arx 500 White ARGB is a spacious and airy PC case, perfectly suited for high-performance builds – whether for gaming or professional use. Equipped with a fast USB-C port and space for 7 fans, the case is compatible with full-size ATX motherboards and supports radiators up to 360 mm. Its white color and ARGB backlighting immediately catch the eye.

Efficient cooling and dust protection

The finely perforated PC case, combined with the pre-installed fans, ensures efficient cooling for your components. The top and front panels, which also serve as dust filters, and the filter at the bottom of the structure protect the inside of the case from dust. You can easily remove and clean them.

Top-notch Stratus fans

The Arx 500 White ARGB fits up to 7 fans, including 4 pre-installed Stratus 140 White PWM ARGB fans – 3 at the front, 1 at the rear. Developed in collaboration with Synergy Cooling, these fans ensure quiet operation and effective cooling for your components.

Thanks to their robust FDB bearing, they offer long-lasting durability and reliability. Additionally, the PWM controller allows for precise fan speed adjustment.

Tempered glass and hidden cables

The side panel of tempered glass lets you enjoy a clear view of your computer's interior at all times. It blends seamlessly with both subtle components and vibrant gaming hardware with LED backlight. Numerous cable grommets, combined with space behind the motherboard tray for better cable management, improve interior aesthetics and optimize airflow. As a result, your components stay cooler.

Spacious interior for demanding users

The Arx 500 White ARGB is a spacious PC case that easily accommodates even the most demanding components. The case supports a wide range of cooling configurations, including a 360 mm radiator at the front, a 280 mm radiator at the top, and a 140 mm radiator at the rear. It also fits air coolers up to 179 mm tall and up to 7 fans.

There's also plenty of room for graphics cards up to 350 mm and power supplies up to 300 mm. With 7 expansion slots and compatibility with ATX, microATX, and mini-ITX motherboards, you have full flexibility to build your perfect setup.

Modern I/O panel with fast USB-C

The I/O panel of the Arx 700 White ARGB, located at the front of the top panel, is equipped with a practical selection of ports. It includes two USB-A 3.2 Gen 1 ports (up to 5 Gbps) and two 3.5 mm audio jacks for headphones, speakers or a microphone. There's also a modern, high-speed USB-C 3.2 Gen 2 port (up to 10 Gbps) – allowing you to easily connect devices that require this type of port, without the need for adapters.

Stylish ARGB backlighting

A set of four Stratus 140 White PWM ARGB fans will light up your case in any color you choose. Thanks to the included PWM and ARGB controller, you don't need a compatible motherboard – just press the RESET button to choose from predefined programs and colors. The module also makes it easy to connect Stratus fans to a motherboard compatible with 3-pin ARGB and 4-pin PWM if you want to control the lighting and speed via the motherboard.

ENDORFY Arx 500 White ARGB – main features:

- 4 Stratus 140 White PWM ARGB fans
- Convenient dust filters
- Space for radiators up to 360 mm
- Ample internal space
- Tempered glass side
- Airy and accessible front
- Efficient cooling of components
- Front-panel USB-C port
- Convenient cable management

ENDORFY Arx 500 White ARGB – technical specifications:

- Product code: EY2A018
- EAN: 5903018668864
- Product type: PC case
- Color: white
- Dimensions (H×W×L): 486×228×429 mm
- Motherboard form factor: ATX, microATX, mini-ITX
- Graphics card clearance (GPU): 350 mm
- CPU cooler clearance: 179 mm
- Power supply clearance: 300 mm
- Expansion slots: 7
- Number of bays:
 - internal:
 - 1× 2.5"/3.5"
 - 6× 2.5"
- Cooling system:
 - Maximum number of fans: 7
 - Number of fans included: 4
 - Front: 3× Stratus 140 White PWM ARGB fan (200-1200 rpm)
 - Rear: 1× Stratus 140 White PWM ARGB fan (200-1200 rpm)
- Radiator compatibility:
 - Front: 1× 120, 240, 280, 360
 - Top: 1× 120, 240, 280
 - Rear: 1× 120, 140
- Dust filters:
 - Front
 - Top
 - Bottom
- Front I/O:
 - 1× USB-C 3.2 Gen 2 (up to 10 Gbps)
 - 2× USB-A 3.2 Gen 1 (up to 5 Gbps)
 - 1× headphones (minijack 3.5 mm)
 - 1× microphone (minijack 3.5 mm)

- o 1× POWER button
 - o 1× RESET button
- Warranty: 36 months

ENDORFY Arx 500 White ARGB – logistics data:

- Retail box dimensions: 528×290×480 mm
- Weight (net): 7.40 kg
- Weight (gross): 8.60 kg

Set includes:

- 1× ENDORFY Arx 500 White ARGB case
- 4× Pre-installed Stratus 140 White PWM ARGB fan
- 1× PWM splitter
- 1× ARGB backlight controller
- 1× Set of black rubber grommets
- 1× Installation accessories
- 1× User and safety manual
