

**Product name: ENDORFY Thock TKL Pudding Red**  
**Product code: EY5A006**

The ENDORFY Thock TKL Pudding Red is a compact keyboard that'll always be at your side. In the morning it'll keep you company at the office, in the evenings you'll sit down to it to catch up with friends. It handles the virtual battlefields beautifully too – and we mean that literally.

On its chassis, you'll find 87 exquisite PBT keycaps, now even more resistant to ~~battles~~ scratches thanks to the Double Shot technology. Their milky white bottoms allow the ARGB backlight to shine bright like a diamond. Hidden underneath the keys lie Kailh Red mechanical switches – a real treat for those technology heroes who don't shy away from an occasional FPS sesh after work.

**Small size, big bang**

The Thock TKL Pudding Red combines minimalist design and high scratch resistance, all wrapped up neatly in a small tournament-sized chassis. It'll be worth its weight in gold on those desks where every inch is a matter of virtual life and death. Use the freed-up space for your favorite collectibles or a fancy mic and thank us later.

To make all of that happen, we ditched the numpad [entirely](#). The Thock TKL Pudding Red is small and ready for "Action!".

**And the ~~crowd~~ ARGB goes wild**

Today's line-up? DJ ARGB ft. [Puddings](#). You're always only a click away from an impromptu rave party.

Pudding keycaps make it easy to spice up your battle station – dazzle your friends with a shimmering rainbow or make the ambient glow match the menacing atmosphere of your D&D session. You can also individually highlight core hotkeys or turn off the ARGB altogether. You make the rules.

It's all thanks to the special technique we used to bring these two-colored keycaps to life – Double Shot. During that process, two separate layers of heavy-duty PBT polymer are injected into the mold. The rigid top keeps the keycaps from wearing out and the milky white bottom (where the name comes from) shines with bright ARGB light.

**50 million clicks**

A true technology hero doesn't run away from a challenge – so it's safe for us to assume you'll spend countless evenings on virtual battlefields. That's why we equipped the Thock TKL Pudding Red with mechanical ~~blades~~ switches that outlast even the Ultimate Devil.

Kailh Red are what we call "linear" switches – smooth all the way down, they excel where an immediate reaction is a must. Just a light flick of the key and you disappear from your enemy's sights. They're also durable, with an estimated lifespan of as many as 50 m clicks (and thanks to the N-Key Rollover, each and every click is recorded and executed, period).

And as a bonus, the keyboard is quite... quiet. We're sure it'll find many fans among night owls (and their grateful roommates).

### **Apocalypse-ready**

If you ever wondered what's the best weapon for the apocalypse, it's the Thock TKL Pudding Red. Don't even try to change our minds.

Seriously – it's built like a (magnificent) brick and will fit into any survivalist backpack (and many others). You can take it with you wherever you go. Even after many hours on the road, the Thock TKL Pudding Red looks as good as new.

Its chassis reinforced with an aluminium top is rigid and damage-resistant – ready to withstand the toughest conditions. It firmly holds the desk, so it doesn't move around even when you're gaming or working for hours on end. It looks the part too – engraved patterns on the bottom and the ARGB backlight give it a fierce edge.

### **My name is RGB. ARGB**

Let's face it – keyboards without a backlight are fine. But if you like the darkness of the night, want to stand out from the crowd, or impress your followers, then ARGB is a [must-have](#).

Customize the look of the Thock TKL Pudding Red to complete the battle station of your dreams. Highlight each of the 87 keys in a different color, differentiate the core keys with a separate hue or set a single effect across the board. You can do this with the help of the included software or directly from the keyboard – without installing anything.

Perhaps some will say it's unnecessary and a gizmo (you can always disable it entirely)... but if you like to play with the look of your setup every now and then, the ARGB backlighting is the thing for you.

### **Adjustable angles**

To make clicking even more comfortable, we equipped the Thock TKL Pudding Red with two-step adjustable feet. With them, you can place the keyboard at an angle that best suits your needs.

### **Cable management made easier**

The Thock TKL Pudding Red keyboard chassis allows you to route the cable in three different ways, helping you make better use of your desk space.

It's possible thanks to a detachable cable and three custom-made channels on the bottom of the keyboard, allowing you to arrange the cable conveniently – for example, closer to the grommets or at the edge of the table.

### **Everything under control**

Do you like to have everything under control? We thought of that – and equipped the Thock TKL Pudding Red with functional and feature-packed [software](#).

We fondly refer to it as "God mode". With its help, you'll adjust all keyboard settings to your needs – whether it's changing the ARGB backlight and its color, customizing the effects, or creating new profiles. If you want, you can even

create your own macros.

**ENDORFY Thock TKL Pudding Red – main features:**

- TKL mechanical keyboard
- Modern design
- Configurable RGB backlighting
- High durability
- Kailh Red mechanical switches
- Durable PBT Pudding keycaps
- Detachable cable
- Two-step feet
- N-Key Rollover function
- Functional software

**ENDORFY Thock TKL Pudding Red – technical specifications:**

- Product code: EY5A006
- EAN: 5903018665658
- Product type: keyboard
- Type of keyboard: mechanical
- Color: black
- Dimensions: 361.5×140×42.5 mm (L×W×H)
- Number of keys: 87
- Switch type: Kailh Red RGB
- Switch color: red
- Hot-swap: no
- Keycap material: PBT
- Keycap manufacturing technology: double shot
- Keycap color: milky-black (pudding)
- Backlight type: RGB
- Connectivity:
  - Gold-plated USB, cable length: 1.8 m
- Keyboard specific features:
  - N-Key Rollover: full
  - Anti-ghosting: full
  - Programmable macros: yes
- Compatibility:
  - Windows
  - macOS
  - Linux
- Software: yes
- Software compatibility: Windows 10
- Warranty: 24 months

**ENDORFY Thock TKL Pudding Red – logistics data:**

- Retail box dimensions: 400×189×49 mm
- Weight (net): 880 g (±10)
- Weight (gross): 1215 g
- Master carton dimensions: 420×270×400 mm
- Master carton weight (gross): 12.8 kg
- Product quantity in master carton: 10 pcs

**Set includes:**

- Thock TKL Pudding Red keyboard
- Detachable USB-C cable
- Keycap removal tool
- Safety instruction
