

Product name: ENDORFY GEM
Product code: EY6A006

The GEM isn't afraid of earthly challenges. We're serious – it nimbly moves around the battlefield and jumps around spreadsheets with the same [inexhaustible](#) energy. Technically speaking, this is thanks to its low weight and slick PTFE feet, but there might be a hidden WARP drive somewhere. You'll have to look for it yourself.

GEM is [all](#) about speed. We've hidden a super-sensitive PixArt PMW3325 sensor in the ARGB backlit housing. It'll respond instantly to each of the estimated 60 m clicks – you can thank the durable Kailh GM 4.0 microswitches.

~~A-bit~~ 8000 DPI of sensitivity

Fast reaction times require even faster gear. That's what the GEM mouse is about – you click, and magic happens as if it's reading your mind. It doesn't predict the future (yet), but it follows your command to a T.

The GEM is also fast. In the ARGB backlit housing we've hidden a sensitive (up to 8 000 DPI) PixArt PMW3325 sensor, so you can be sure that your every move will appear on the computer screen – even the smallest one. Plus, we give you Kailh [GM 4.0](#) microswitches, so you can click as much as you want (up to 60 m times!) without worrying about something crunching under your fingers during a battle.

Lightweight fighter

The frame of the GEM mouse is tough as nails, but it still stays in the lightweight category. It only weighs 67 g – little enough to glide around the mousepad freely and enhance your flicks.

GEM is equipped with slick [PTFE](#) feet that give it minimal resistance. This solution works perfectly with all mousepads – including everything from standard, to even "control" and "speed" types.

Kailh [GM 4.0](#) microswitches

Have you met Kailh GM 4.0? They can easily withstand your non-stop clicking from dawn until the late hours of the night. If you're in the market for reliable microswitches that'll last you years, then place your bets on the Kailh GM.

Kailh GM 4.0 microswitches are ultra-fast [and ultra-durable](#). They process every click in the fraction of a second, and their lifetime is estimated at 60 m clicks.

We have ARGB and won't hesitate to use it

If you're hunting for great-looking equipment that can instantly spice up your desk, then we've good news– your quest is complete. GEM features an [ARGB](#) backlight and won't hesitate to add some moody ambiance to your war room.

With the GEM you can backlight the ENDORFY logo, the scroll wheel, and even the strip around the back of the housing. Pick your own color or use one of the predefined effects – you can quickly change the whole configuration using the dedicated software.

Long and soft

An unwieldy cable tugging at your mouse in the middle of a scrim is every technology hero's worst nightmare. We've cried over spilt ~~milk~~ [energy drinks](#) countless times, but you don't have to. GEM's long and soft cable is our new MVP.

Our "[paracord](#)" cable is more flexible than you'd expect. Its outer sheath of woven fiber has one job only – to protect the cable from damage. It's soft and light like your childhood teddy bear, so it won't interfere with your work. Additionally, it's 1.8 m long – plenty enough for the GEM to slide freely across the mousepad.

Live [Click](#) as you like

With GEM you live [click](#) as you like. Thanks to the dedicated software, you have full control over the mouse and all its perks. Make your own rules – change its sensitivity, customize the ARGB backlight, and record macros.

ENDORFY GEM – main features:

- RGB lighting 16.8M colours
- Ultralight design (67 g)
- PixArt PMW3325 sensor
- 8,000 maximum DPI
- Kailh GM 4.0 60M mechanical switches
- 6 programmable buttons
- "Paracord" cable
- PTFE mouse feet

ENDORFY GEM – technical specifications:

- Product code: EY6A006
- EAN: 5903018664729
- Product type: mouse
- Type of mouse: wired
- Color: black
- Dimensions: 126×65.7×38.5 mm
- Sensor: PixArt PMW3325
- Sensor type: optical
- Maximum tracking speed [m/s]: 2.54 m/s
- Maximum sensitivity: 8,000 DPI
- Base sensitivity options:
 - 400
 - 800
 - 1000
 - 1500
 - 2000
 - 3000
- Microswitches: Kailh GM 4.0
- Microswitches service-life: 60 million clicks
- Connectivity:
 - USB-C, cable length: 1.8 m
- Backlight type: ARGB
- Feet: PTFE

- Compatibility:
 - Windows
 - MacOS
 - Linux
- Software: yes (optional)
- Software compatibility: Windows 10
- Warranty: 24 months

ENDORFY GEM – logistics data:

- Retail box dimensions: 95×50×145 mm
- Weight (net): 67 g (±1)
- Weight (gross): 150 g
- Master carton dimensions: 530×310×320 mm
- Master carton weight (gross): 9.9 kg
- Product quantity in master carton: 60 pcs

Set includes:

- 1× ENDORFY GEM mouse
- 1× Extra set of mouse feet
- 1× Sticker
- 1× User and safety manual
