

Product name: ENDORFY Vero L6 650 W

Product code: EY7A015

The Vero L6 650 W is a modern ATX 3.1 power supply designed for stable performance and full support of the latest PCIe 5.1 graphics cards. Certified by Cybenetics Silver and 80 PLUS® Bronze, it delivers excellent energy efficiency, while the Stratus fan ensures quiet operation. Combined with high-quality capacitors and a 5-year warranty, it's a reliable choice for robust, high-performance builds.

ATX 3.1 – ready for next-gen GPUs

The Vero L6 650 W is fully compliant with the ATX 3.1 requirements. Compared to previous ATX versions, it offers improved performance, stability, and capacity for sudden power excursions. The fixed 12V-2x6 450 W cable ensures full compatibility with modern PCIe 5.1 cards, while traditional PCI-E 6+2 PIN connectors are also provided for powering older GPUs.

Quality confirmed by Cybenetics

Thanks to carefully selected components and a refined design, the Vero L6 650 W operates quietly and maintains low temperatures, contributing to a longer lifespan. Its high energy efficiency is confirmed by independent Cybenetics Silver and 80 PLUS® Bronze certifications. The unit has also undergone rigorous testing for acoustic performance and ATX 3.1 compliance – validated by the Cybenetics Noise Rating Standard++ and Cybenetics ATX 3.1 Pass badges.

High-quality capacitors

All capacitors used in the power supply are premium, thoroughly tested components. They maintain their performance even at high operating temperatures (up to 105 °C), ensuring reliable and stable operation even under demanding conditions.

Proven Stratus 120 mm fan

Developed in collaboration with Synergy Cooling, the award-winning Stratus fan keeps the power supply running cool and efficient. Its optimized rotor and frame design, combined with a high-quality FDB bearing, deliver smooth airflow and whisper-quiet operation.

5-year warranty

We're confident about the quality and reliability of every ENDORFY product. That's why the Vero L6 650 W power supply comes with a 5-year warranty – a testament to its long-lasting, trouble-free performance.

Protection package

The unit features a full set of electrical and thermal safeguards. This means your system is protected against overloads, voltage spikes, short circuits, and power supply overheating – ensuring stability and safety even in the most unexpected situations.

ENDORFY Vero L6 650 W – main features:

- ATX 3.1 compliant
- 12V-2x6 450 W power cable

- Cybenetics Silver certificate
- 80 PLUS® Bronze certificate
- Stratus 120 mm fan
- High-quality capacitors
- 5-year warranty

ENDORFY Vero L6 650 W – technical specifications:

- Product code: EY7A015
- EAN: 5903018668918
- Product type: ATX Power Supply
- Color: black
- Dimensions (H×W×L): 87×140×150 mm
- Continuous power: 650 W
- Efficiency: Cybenetics Silver, 80 PLUS® Bronze
- Cabling: non-modular
- Fan: Stratus 120 mm, 1800 rpm ±10%
- Fan bearing: FDB
- Protections:
 - OVP
 - UVP
 - OCP
 - SCP
 - OPP
 - SIP
 - OTP
- Input voltage: 200-240 V
- Connector count and cable length:
 - 1× 12V-2x6, 16 PIN, 600 mm, 450 W
 - 2× EPS 12V 8-PIN (4+4), 670–820 mm
 - 1× ATX 24-PIN, 570 mm
 - 2× PCI-E 8-PIN (6+2), 560–710 mm
 - 5× SATA, 500–800 mm
 - 1× MOLEX, 800 mm
- MTBF: 80 000 h
- Warranty: 60 months

ENDORFY Vero L6 650 W – logistics data:

- Retail box dimensions: 273×100×220 mm
- Weight (net): 1.57 kg
- Weight (gross): 2.09 kg
- Master carton dimensions: 600×235×290 mm
- Master carton weight (gross): 13.27 kg
- Product quantity in master carton: 6 pcs

Set includes:

- 1× Vero L6 650 W power supply
- 1× Power cord
- 1× Mounting set
- 1× User manual
