

Product name: ENDORFY Floor Pad FP110C

Product code: EY8G003

The ENDORFY Floor Pad FP110C is tough like nails and cute as a button. Made from thick PVC material, so it still looks brand-new after long hours of fidgeting in the chair. Even if you're rolling ~~in the deep~~ around on hard plastic wheels.

We designed it to stick to the floor – even on ceramic tiles. And it worked out quite well because the [waterproof](#) material stays in place as if glued. And by the way, it also blocks the sound of shuffling on the floor.

That mat!

The Floor Pad FP110C is a mat made to last – the PVC material is unafraid of water, plastic wheels or hard crumbs. It also distributes the weight of the chair beautifully, thus preventing damage and abrasion. One day we'll probably make it into a reinforced jacket or a tent for a survival trip with our besties.

Stick to the ~~rules~~ floor

The Floor Pad FP110C won't run away from under your seat, even when you're fidgeting on it like impatient cosplayers queuing to get into the convention. The mat sticks to the ~~rules~~ [floor](#) even on slippery surfaces like ceramic tiles.

This is thanks to the PVC material we've used to make the Floor Pad FP110C. The fabric stabilizes the mat and ensures it doesn't move on the floor. And you can literally clean it in a moment – just dust it off with a vacuum cleaner (or a cloth) to regain the freshness of a spring morning.

We hear [nothing](#)!

It's no secret that chairs shuffling across the floor can be noisy. That hellish sound could easily serve as the soundtrack to a horror film – or several. That's why we've made sure that the Floor Pad FP110C effectively minimizes the sound of your fidgeting in front of the computer.

The mat cushions the surface and dampens the sound of ~~virtual skirmishes~~ [a moving seat](#). Just put it on the floor, and that's it – you are good to go. Your neighbor downstairs won't hear a thing.

ENDORFY Floor Pad FP110C – main features:

- Floor protection against scratches
- Non-slip and waterproof surface
- Stable setting of the chair in the selected position
- Reduces chair wheel sounds

ENDORFY Floor Pad FP110C – technical specifications:

- Product code: EY8G003
- EAN: 5903018666532
- Product type: floor pad
- Color: black
- Material: PVC
- Shape: round
- Dimensions: 1100×1100 mm
- Thickness: 2.2 mm
- Warranty: 24 months
