

Product name: ENDORFY Pactum 1 25 g
Product code: EY0C002

The efficient Pactum 1 thermal paste was made with effective heat conduction in mind. 25 grams of this product, enclosed in a convenient applicator, is more than enough to guarantee dozens of precise and even applications. Just spread a thin layer on your CPU and you're good to go.

- Long-time supply – Pactum 1 is available in a syringe filled with 25 grams of product which provides a long-lasting supply of thermal paste, making it a perfect choice not only for individual users, but also PC repair shops.
- Above-average density – properly distributed paste thoroughly fills the irregularities on the CPU's surface, facilitating very good heat conduction.
- Convenient application – in order to apply Pactum 1, put a small dot or line to the CPU's surface. Use the included spatula to spread it throughout the unit's surface.

Long-time supply

Pactum 1 is available in a convenient syringe. 25 grams of this product is more than enough to provide you with a substantial supply of thermal paste, and also to guarantee dozens of correct applications, making it a perfect choice not only for individual users, but also PC repair shops.

Very good heat conduction

Above-average density of Pactum 1 thermal paste tightly fills any irregularities, facilitating its adhesion to surface. The resulting layer between the CPU and the cooling system conducts heat very well, facilitating full use of your PC's cooling potential.

Unlike liquid metals, Pactum 1 doesn't conduct electricity and doesn't react with aluminum. It's therefore safe to use with all heatsinks – including those with a base made of this particular material.

Convenient application

The application of Pactum 1 is a piece of cake. All you need to do is apply a small dot or line to the CPU's surface. To make the whole process easier, you can spread it with the included spatula – and that's it. Your CPU is good to go.

ENDORFY Pactum 1 25 g – main features:

- High performance, very good thermal conductivity
- Universal – non-conductive paste, safe to use with all heatsink types
- Easy application with low viscosity and included applicator
- Maintains longevity for a long time

ENDORFY Pactum 1 25 g – technical specifications:

- Product code: EY0C002
- EAN: 5903018666341
- Product type: thermal paste
- Color: grey
- Thermal conductivity: 4 W/(m·K)
- Specific gravity: 2.5 g/cm³
- Warranty: 24 months

ENDORFY Pactum 1 25 g – logistics data:

- Retail box dimensions: 90×260×30 mm
- Weight (net): 39 g
- Weight (gross): 47 g
- Master carton dimensions: 505×215×360 mm
- Master carton weight (gross): 8.10 kg
- Product quantity in master carton: 150 pcs

Set includes:

- 1× Pactum 1 25 g thermal paste
- 1× Spatula
- 1× Safety instruction
