

Product name: ENDORFY Solum Streaming Onyx White
Product code: EY1B005

The ENDORFY Solum Streaming Onyx White is a splendid white microphone built for streaming, vlogging, and long conversations with the crew. Its unique, eye-catching design wows at first glance, but it's the nuanced, warm sound that makes you fall in love with it. Thanks to the [cardioid](#) characteristic, the mic picks up sounds from the front only, while the included pop filter blocks out explosive consonants. To put it simply — the ENDORFY Solum Streaming Onyx White impresses with the high-quality, clean audio from the first "Hello there!".

Together with the microphone you also get a stable, handy arm with an anti-shock mount already built-in, making it easy to keep the workspace immaculate. So, camera, ready, ~~action~~ [stream](#)!

Awestruck

As one famous comedian put it: "B-E-A-UTIFUL". We designed a whole series of peripherals and accessories after the precious mineral, [white](#) onyx, famous among connoisseurs for its high strength and unique beauty. Bright and elegant, the Solum Streaming Onyx White is guaranteed to catch the eye of your viewers.

Your house is your ~~castle~~ [studio](#)

There's no time for error and no room for compromises because audio is king. And when you have a lot to say, you need ~~assistant~~ [equipment](#) to catch and carry your every word. That's exactly what the Solum is. It provides a nuanced sound without the frustrating background noise — as if you're sitting next to your colleagues in a well-soundproofed room.

That's thanks to the [cardioid](#) characteristic — it picks up sound only in the front of the microphone. Additional clarity points are added through the included pop filter, an external panel of mesh that blocks the "explosive" consonants. We also added an anti-shock mount that helps isolate the microphone from the vibrations carried through the desk whenever you slap it in anger.

Make [more](#) space

Keyboard, notes, ring light... It's good to have everything within reach when you're streaming or recording a video. So we included a handy ~~arm~~ [mount](#) with the Solum Streaming Onyx White — to free up desk space for more important things.

The Solum Streaming Onyx White's arm had a long reach (90 cm) and three joints for easy adjustability, allowing you to position your mic where it suits you best. Oh, and we hid the cable inside of the arm already, to help you keep your space tidy.

Silence on set

Don't let the noisy neighbors ruin your stream ever again and keep your private conversations private. You know first-hand that the slightest noise can spoil any recording — but now, the Solum Streaming Onyx White has your back. Simply use the [built-in](#) mute button. The red backlight will let you know when you're off-air.

Our designers deliberately placed the mute button at the bottom of the microphone, so you won't accidentally scratch or brush against the mic and startle your audience. Besides, it's the place you [intuitively](#) reach for in an emergency (rather than the top of the mic) — we tested it ourselves.

Plug & play talk

Setting up the Solum Streaming Onyx White is not rocket science. The microphone comes with [everything](#) you need already included — mount it, plug it into your computer and you're good to go. Enjoy the new, superior quality of your audio!

Connect the microphone within seconds with the included [USB-A](#) cable — hidden inside the arm for your convenience. The Solum Streaming Onyx White is compatible with the most popular operating systems: Windows, macOS, and Linux.

ENDORFY Solum Streaming Onyx White – main features:

- Mute button
- High-end shock mount
- Adjustable pivots with USB cable threaded into frame
- Adjustable and rotatable desk mounting clamp
- USB Plug&Play

ENDORFY Solum Streaming Onyx White – technical specifications:

- Product code: EY1B005
- EAN: 5903018665153
- Product type: microphone
- Color: white
- Dimensions: 152×42.7×48 mm
- Microphone type: condenser
- Directivity: cardioid
- Bit depth: 16 bit
- Sampling rate: 48 kHz
- Frequency range: 18–21 000 Hz
- Pop filter: external
- Mount type: adjustable arm
 - Desktop mount: C-clamp, max. 46 mm desktop thickness
 - Horizontal reach: 74 cm
 - Vertical reach: 74 cm
- Shock mount: yes
- Mute button: yes (touch)
- Connectivity:
 - USB-A, cable length: 2.9 m
- Compatibility:
 - Windows
 - macOS
 - Linux
- Warranty: 24 months

ENDORFY Solum Streaming Onyx White – logistics data:

- Retail box dimensions: 404×115×282 mm

- Weight (net): 1265 g
- Weight (gross): 2235 g
- Master carton dimensions: 580×415×250 mm
- Master carton weight (gross): 9.8 kg
- Product quantity in master carton: 4 pcs

Set includes:

- 1× Solum Streaming Onyx White microphone
- 1× Streaming Boom Arm
- 1× Shock mount
- 1× Pop filter
