

Product name: ENDORFY Thock TKL Brown
Product code: EY5A002

It's dangerous to go alone! Take the ENDORFY Thock TKL Brown. Pack up your backpack and conquer the distant esports tournaments without ever worrying about your equipment again.

We reinforced its chassis with an aluminium ~~shield~~ [plate](#) and fitted it with 87 PBT keycaps. Extra durable thanks to the Double Shot technology, they await your commands battle-ready. Underneath each key lies a hidden "tactile" Kailh Brown mechanical switch — registering even subtle keypresses while still granting you the certainty of feeling the activation bump. You'll never miss another dodge.

Small size, [big](#) bang

Thock TKL Brown might be small, but you'll be surprised how much it can boost your performance. It's all bang bang bang now, no time to waste.

Allow yourself to be charmed by this petite wonder, especially if you play FPS or battle royale games. This keyboard leaves more space for the mouse — imagine the flickshots possible with such freedom of movement!

To make all of that happen, we ditched the numpad entirely. The Thock TKL Brown is here to win, no dilly-dallying.

Kailh Brown switches

Who would want a one-trick pony in today's economy? Not us. If you too like your keyboard to be ready for any and all tasks, you'll love the Thock TKL Brown.

Each one of the 87 keycaps houses a Kailh [Brown](#) switch — they'll deal with any boss in no time, including the office kind. We tested that ourselves on multiple presentations and numerous product descriptions.

Kailh Brown are tactile switches, made for situations that require smooth [and subtle](#) movements. They're also durable, with an estimated lifespan of as many as 50 m clicks (and thanks to the N-Key Rollover, each and every click is recorded and executed, period).

And as a bonus, the keyboard is quite... quiet. We're sure it'll find many fans among the night owls (and their grateful roommates).

Beauty and a beast

The Thock TKL Brown is a keyboard made to tell your whole life's story, from start to finish. And even after months of intensive use, each key will still look brand-new — no need to worry about scratched-off letters or unsightly shiny surfaces. If anything glows, it's the ARGB.

It's all thanks to the heavy-duty [PBT keycaps](#) and Double Shot technology that the keyboard boasts such high durability. During the manufacturing process, two separate layers of rigid and abrasion-resistant polymer are injected into the mold. The bottom line is that our keys don't require additional surface finish (unlike painted keycaps) — PBT is like armor that also keeps your fingers in place.

We're going on an adventure!

A last-minute change of plans? Not a problem. The Thock TKL Brown is always ready for new adventures. This keyboard is small and lightweight, so you can take it with you everywhere you go.

Its chassis reinforced with an aluminium top is rigid and damage-resistant — ready to withstand the toughest conditions. It firmly holds the desk, so it doesn't move around even when you're gaming or working for hours on end. It looks the part too — engraved patterns on the bottom and the [ARGB](#) backlight give it a fierce edge.

My name is RGB. [ARGB](#)

Let's face it — keyboards without a backlight are fine. But if you like the darkness of the night, want to stand out from the crowd, or impress your followers, then [ARGB](#) is a must-have.

Customize the look of the Thock TKL Brown to complete the battle station of your dreams. Highlight each of the 87 keys in a different color, differentiate the core keys with a separate hue or set a single effect across the board. You can do this with the help of the included software or directly from the keyboard — without installing anything.

Perhaps some will say it's unnecessary and a gizmo (you can always disable it entirely)... but if you like to play with the look of your setup every now and then, the ARGB backlighting is the thing for you.

Adjustable angles

To make clicking even more comfortable, we equipped the Thock TKL Brown with two-step [adjustable](#) feet. With them, you can place the keyboard at an angle that best suits your needs.

Cable management made easier

The Thock TKL Brown keyboard chassis allows you to route the cable in three different ways, helping you make better use of your desk space.

It's possible thanks to a [detachable](#) cable and three custom-made channels on the bottom of the keyboard, allowing you to arrange the cable conveniently — for example, closer to the grommets or at the edge of the table.

Everything [Keyboard](#) under control

Do you like to have everything [keyboard](#) under control? We thought of that — and equipped the Thock TKL Brown with functional and feature-packed software.

We fondly refer to it as "God mode". With its help, you'll adjust all keyboard settings to your needs — whether it's changing the ARGB backlight and its color, customizing the effects, or creating new profiles. If you want, you can even create your own macros.

ENDORFY Thock TKL Brown – main features:

- TKL mechanical keyboard
- Modern design

- Configurable ARGB backlighting
- High durability
- Kailh Brown mechanical switches
- Durable PBT keycaps
- Detachable cable
- Two-step feet
- N-Key Rollover function
- Functional software

ENDORFY Thock TKL Brown – technical specifications:

- Product code: EY5A002
- EAN: 5903018665368
- Product type: keyboard
- Type of keyboard: mechanical
- Color: black
- Layout: US
- Dimensions (L×W×H): 361.5×140×42.5 mm
- Number of keys: 87
- Switch type: Kailh Brown
- Switch color: brown
- Hot-swap: no
- Keycap material: PBT
- Keycap manufacturing technology: double shot
- Keycap color: black
- Backlight type: RGB
- Connectivity:
 - Gold-plated USB, cable length: 1.8 m
- Keyboard specific features:
 - N-Key Rollover: full
 - Anti-ghosting: full
 - Programmable macros: yes
 - Palm rest: yes (sold separately)
- Compatibility:
 - Windows
 - macOS
 - Linux
- Software: yes (optional)
- Software compatibility: Windows 10
- Warranty: 24 months

ENDORFY Thock TKL Brown – logistics data:

- Retail box dimensions: 400×189×49 mm
- Weight (net): 0.88 kg
- Weight (gross): 1.21 kg
- Master carton dimensions: 420×270×400 mm
- Master carton weight (gross): 12.6 kg
- Product quantity in master carton: 10 pcs

Set includes:

- 1× Thock TKL Brown keyboard
- 1× Detachable USB-C cable

- 1× Keycap removal tool
- 1× User and safety manual
