

**Product name: ENDORFY Omnis Pudding Onyx White Brown**  
**Product code: EY5A035**

If you're into extraordinary designs, you'll love our Omnis Pudding Onyx White Brown.

It's a mechanical keyboard that'll brighten up ([literally](#)) any home office setting. It can be your most elegant gadget or – with the help of the ARGB backlight – the most striking part of your setup. It's up to you, which vibe you want.

Its reinforced chassis is both stunning and functional. Sporting a volume wheel, 104 Pudding PBT keycaps illuminated with ARGB, plus a magnetic wrist rest... And we thought about the long hours spent creating or grinding too, equipping it with universal Kailh Brown switches. These highly responsive switches give you gentle feedback when activated, so you can be sure that the key pressed equals an action performed.

### **Everything is crystal clear**

It's crystal clear that the Omnis Pudding Onyx White Brown is made for those who stay on top of the hottest trends – the true technology heroes. It has a white chassis, matching Pudding keycaps, and a vibrant ARGB backlight. Just imagine how awesome your home office will look with such beauty on your desk!

This bright centerpiece on your desk was inspired by the white variety of onyx – a precious mineral, known for its high durability and unique beauty. Whenever you feel like changing things up a bit at your home office, you can activate the ARGB backlight with a single click. The [aluminum](#) chassis reflects its glow beautifully, making it appear almost... incandescent.

### **Work and play [in style](#)**

Long ago in a galaxy far, far away, all keyboards used to be black and crude. Those were the dark times ([literally](#)), but with the Omnis Pudding Onyx White Brown comes the dawn of a new age.

Its [minimalistic](#) chassis and milky white keycaps are simply a work of art. But it's also feisty and doesn't shy away from any task or challenge – because why settle?

The Omnis Pudding Onyx White Brown is a full-sized mechanical keyboard with an aluminium top. We designed it to flawlessly support you in every task – without warping or getting scratched. Additionally, it stays firmly put on the desk and doesn't slide even during intensive work.

And it looks good too – the distinctive shape and ARGB backlight give it a fierce edge.

### **Favorite dessert? Pudding!**

Whenever someone asks about our favorite dessert, we say "Pudding!". And quickly add we meant the insane keycaps of our keyboard – the real icing on a designer cake.

We love them because it's so easy to experiment with their appearance. It only takes a moment to turn a rainbow glow into northern lights you always dreamt to see IRL. It's also super useful for highlighting specific hotkeys when you're designing stuff or editing your next viral video. And if you prefer it sautéed – simply turn off ARGB... Your keyboard will still look absolutely killer.

It's all thanks to the special technique we used to bring these two-colored keycaps to life – [Double Shot](#). During that process, two separate layers of heavy-duty PBT polymer are injected into the mold. The rigid top keeps the keycaps from wearing out and the milky white bottom (where the name comes from) shines with bright ARGB light.

### **Your [favorite](#) switches**

What are every technology hero's favorite switches? The versatile ones that don't limit your potential. Write a report for your impatient boss, put together a daily vlog, and fight the boss in your favorite MMO in the evening. Do whatever you want whenever you want it – the Kailh Brown will be ready.

Kailh Brown are tactile switches, made for situations that require smooth and subtle movements. They're also durable, with an estimated lifespan of as many as 50 m clicks (and thanks to the N-Key Rollover, each and every click is recorded and executed, period).

And as a bonus, the keyboard is quite... quiet. We're sure it'll find many fans among night owls (and their grateful roommates).

### **Magnetic like a keyboard**

The Omnis Pudding Onyx White Brown has truly [magnetic](#) looks and build – literally because you get a comfortable wrist rest with it too!

Equipped with magnets, it's easy to install and holds the keyboard tight. If you prefer, you can even place it at a distance from your Omnis – thanks to the wide rubber feet, it remains stable in any position.

### **One ~~ring~~ [button](#) to rule them all**

With the Omnis Pudding Onyx White Brown keyboard, you get the power to rule over all ~~rings~~ [sounds](#). And it's more intuitive than you expect – just scroll your finger up or down to fine-tune what you hear. Enjoy the control without having to take your mind off things.

That's possible thanks to the wide metal volume wheel we added to the chassis. It has an accentuated and perceptible step, so you can fine-tune the sound without taking your eyes off the monitor. Adjust the volume by turning it or mute everything with a click.

### **My name is RGB. ARGB**

Let's face it – keyboards without a backlight are fine. But if you like the darkness of the night, want to stand out from the crowd, or impress your followers, then ARGB is a must-have.

Customize the look of the Omnis Pudding Onyx White Brown to complete the battle station of your dreams. Highlight each of the 104 keys in a different color,

differentiate the core keys with a separate hue or set a single effect across the board. You can do this with the help of the included software or directly from the keyboard – without installing anything.

Perhaps some will say it's unnecessary and a gizmo (you can always disable it entirely)... but if you like to play with the look of your setup every now and then, the ARGB backlighting is the thing for you.

### **Adjustable angles**

To make clicking even more comfortable, we equipped the Omnis Pudding Onyx White Brown with two-step adjustable feet. With them, you can place the keyboard at an angle that best suits your needs.

### **Cable management made easier**

The Omnis Pudding Onyx White Brown keyboard chassis allows you to route the cable in three different ways, helping you make better use of your desk space.

It's possible thanks to a detachable cable and three custom-made channels on the bottom of the keyboard, allowing you to arrange the cable conveniently – for example, closer to the grommets or at the edge of the table.

### **Everything under control**

Do you like to have everything under control? We thought of that – and equipped the Omnis Pudding Onyx White Brown with functional and feature-packed software.

We fondly refer to it as "God mode". With its help, you'll adjust all keyboard settings to your needs – whether it's changing the ARGB backlight and its color, customizing the effects, or creating new profiles. If you want, you can even create your own macros.

### **ENDORFY Omnis Pudding Onyx White Brown – main features:**

- Full-size mechanical keyboard with a numeric block
- Sleek shape and stylish white design
- Configurable ARGB backlighting
- High durability
- Palm rest with magnetic fastening
- Metal volume wheel
- Kailh Brown mechanical switches

- Detachable cable
- Two-step feet
- N-Key Rollover function
- Functional software

### **ENDORFY Omnis Pudding Onyx White Brown – technical specifications:**

- Product code: EY5A035
- EAN: 5903018665054
- Product type: keyboard
- Type of keyboard: mechanical
- Color: white
- Dimensions: 453×210×45 mm

- Number of keys: 104
- Switch type: Kailh Brown RGB
- Switch color: brown
- Hot-swap: no
- Keycap material: PBT
- Keycap manufacturing technology: double shot
- Keycap color: milky-white
- Backlight type: RGB
- Connectivity:
  - Gold-plated USB, cable length: 1.8 m
- Keyboard specific features:
  - N-Key Rollover: full
  - Anti-ghosting: full
  - Programmable macros: yes
  - Palm rest: yes
- Compatibility:
  - Windows
  - macOS
  - Linux
- Software: yes (optional)
- Software compatibility: Windows 10
- Warranty: 24 months

**ENDORFY Omnis Pudding Onyx White Brown – logistics data:**

- Retail box dimensions: 500×190×70 mm
- Weight (net): 1.15 kg
- Weight (gross): 1.62 kg
- Master carton dimensions: 515×375×400 mm
- Master carton weight (gross):
- Product quantity in master carton: 10 pcs

**Set includes:**

- 1× ENDORFY Omnis Pudding Onyx White Brown keyboard
- 1× Detachable USB-C cable
- 1× Keycap removal tool
- 1× Safety instruction
