

Product name: ENDORFY Thock TKL Wireless Red Pudding
Product code: EY5A119

The ENDORFY Thock TKL Wireless Red Pudding is a small keyboard with Pudding keycaps ARGB backlighting. It works ~~without limits~~ [wirelessly](#), so you can click from the comforts of the couch – just the way you like it.

We have designed it to support you in all conditions. Ready for the zombie apocalypse, the reinforced chassis with PBT keycaps (made with Double Shot technology) hides ultra-fast Kailh Box Red mechanical switches. These are fiery and long-lasting – with an estimated lifespan of 70M clicks. There is also [hot-swap](#), a pro option to change switches on the fly. The keyboard supports all 3-pin and 5-pin models, so you have plenty of options to choose from... But who would want to change the Reds?

Shortened by the head [numpad](#)

Let's face it – ~~working~~ [having fun](#) takes a lot of time and space. That's why we designed the Thock TKL Wireless Red Pudding to free up extra space on your desk. Use it wisely!

We've shortened the keyboard by the head [numpad](#) (361.5×140×42.5 mm). As a result, it's small and easy to fit on smaller desks, leaving more space for wide mouse movements. For your convenience, we have designed it so you can route the cable in one of three directions. Each allows you to position the cable where it's most convenient – for example, closer to the grommets or the edge of the desk.

1, 2, 3... Connecting

The Thock TKL Wireless Red Pudding is as flexible and versatile as you. This bad boy connects to other equipment in 3 different ways, so you can easily pair it with the device of your choice and click from the couch.

Pair your PC, tablet, or smartphone via Bluetooth or 2.4 GHz connections. For a more old-school vibe (and for charging), use the included [USB-C](#) cable.

Time for dessert!

With the Thock TKL Wireless Red Pudding keyboard, you always start with dessert. The backlit keys look like little boxes of pudding – but the truth is that these cute little guys are also tough as nails. We tested them ~~ourselves~~ [with our own fingers](#).

It's all thanks to the special technique we used to bring these two-colored keycaps to life – Double Shot. During that process, two separate layers of heavy-duty PBT polymer are injected into the mold. The rigid top keeps the keycaps from wearing out and the milky white bottom (where the name comes from) shines with bright ARGB light.

And the cherry on top – you can remove keycaps (switches too) at any time. Together with the keyboard, we give you handy tools for pulling them out.

[Tough](#) guys only

If we ever came up with the idea of organizing a boyband out of keyboards, the Thock TKL Wireless Red Pudding would be that athletic one flexing for the camera. It's all thanks to the strong and ultra-fast Kailh Box Red ~~museles~~ [switches](#) under the keys – a package for the real tough guys.

Kailh Box Red are “linear” and always ready to pounce. They excel in situations where you need to react immediately. In comparison to the standard Kailh Red, they have an additionally reinforced stem structure. With gear like this, they’re an elite commando unit ready for a mission – tireless and ultra-durable. 70M clicks are no joke.

The Thock TKL Wireless Red Pudding has a truly pro option for tech geeks – hot-swap, the ability to easily swap switches in and out. The keyboard is compatible with both 3-pin and 5-pin switches, so you can take your pick from a wide range of models available on the market.

Aluminium support

You don’t have to walk on eggshells with the Thock TKL Wireless Red Pudding. We dressed it with an aluminum top – a support that bravely protects the keyboard from scratches and ragequits. It works like a protection spell before a bossfight or an extra tank support on an all-day raid... Or both.

Its reinforced chassis gives it a defense bonus, so it’s super rigid and resistant to damage. Additionally, it stays firmly put on the desk and doesn’t slide around like a madman during even the most intense “work”.

ARGB from outer space

Keyboards without backlights are fiine... but if you want to really stand out from the crowd, then [ARGB](#) is the way to go. With just a single click, you can make your setup look like a proper spaceship (or a unicorn’s dream, no judgment here).

With the Thock TKL Wireless Red Pudding, you can easily customize the look of the keyboard to match the rest of your battle station. Highlight each of the keys separately, change the color of the core hotkeys or set a single effect across the board. You can use the included software or do it directly from the keyboard.

Stretch your legs ~~feet~~!

For your uncompromised convenience, the Thock TKL Wireless Brown is equipped with [adjustable](#) feet. Pick the height that best suits your needs.

And if you want additional support, you can equip it with a matching Thock TKL Palm Rest (available separately) – a magnetic add-on that’ll keep your wrists comfortable, allowing you more time at the PC.

Keyboard in the God mode

Like to have absolute freedom and full control? We do too – so we added functional and feature-packed software to the Thock TKL Wireless Red Pudding. Do it your way.

We fondly refer to it as “God mode”. With its help, you’ll adjust all keyboard settings to your needs – whether it’s changing the ARGB backlight and its color,

customizing the effects, or creating new profiles. If you want, you can even create your own macros.

ENDORFY Thock TKL Wireless Red Pudding – main features:

- Programmable ARGB lighting
- Detachable cable
- Bluetooth and 2.4GHz wireless connectivity
- Adjustable feet
- PBT double-shot keycaps
- Hot-swappable switch sockets

ENDORFY Thock TKL Wireless Red Pudding – technical specifications:

- Product code: EY5A119
- EAN: 5903018666716
- Product type: keyboard
- Type of keyboard: mechanical
- Color: black
- Layout: US
- Dimensions (L×W×H): 361.5×140×42.5 mm
- Number of keys: 87
- Switch type: Kailh Box Red
- Switch color: red
- Hot-swap: yes
- Keycap material: PBT
- Keycap manufacturing technology: double shot
- Keycap color: milky-black
- Backlight type: RGB
- Connectivity:
 - USB (gold-plated), cable length: 1.8 m
 - Bluetooth
 - Wireless 2.4 GHz
- Keyboard specific features:
 - N-Key Rollover: full
 - Anti-ghosting: full
 - Programmable macros: yes
 - Palm rest: yes (sold separately)
- Compatibility:
 - Windows
 - macOS
 - Linux
- Software: yes (optional)
- Software compatibility: Windows 10
- Warranty: 24 months

ENDORFY Thock TKL Wireless Red Pudding – logistics data:

- Retail box dimensions: 402×184×50.5 mm
- Weight (net): 0.80 kg
- Weight (gross): 1.19 kg
- Master carton dimensions: 420×270×400 mm
- Master carton weight (gross): 12.5 kg
