

**Nazwa produktu: ENDORFY Elementum E5 350 W**  
**Kod produktu: EY7A003**

Elementum E5 350 W will protect you from the unexpected. This PSU comes with an 80 PLUS® certificate and ensures a constant power level of 350 W, while allowing you to connect basic graphics cards via PCI-E 6/8 connection. Its deep black hues will make it visually fit even the less impressive PCs.

- Safe operation – OVP, UVP, SCP, OPP and SIP protective measurements protect your computer, among others, from short-circuits and overload. That means that any breakdown or power surge from the electric grid will cause Elementum E5 350 W to turn off instantly.
- Quiet fan – 12-centimeter fan designed to provide high quality cooling without a droning hum in the background.
- 3-year warranty – every retail-purchased Elementum E5 350 W PSU comes with a three-year producer warranty.

**Security package**

A variety of protective measures (OVP, UVP, SCP, OPP and SIP) protects your computer, among others, from short-circuits and overload. In practice that means that any breakdown or power surge from the electric grid will cause Elementum E5 350 W to turn off instantly.

**12-centimeter fan**

Elementum E5 350 W's cooling is handled by a 12-centimeter fan, thanks to which the entire PSU will stay cool even during demanding tasks. You can use your PC without a droning hum in the background.

**3-year warranty**

The Elementum E5 350 W PSU comes with a three-year producer warranty.
