

Product name: ENDORFY Supremo FM5 Gold 1000W
Product code: EY7A010

The ENDORFY Supremo FM5 Gold 1000W is like "God Mode" for your computer. It is a **mighty** power supply with a DC-DC topology that gives you tight voltage regulation, stable operation, and a continuous power delivery of 1000 W. This means that it can handle even the most demanding components with ease and will protect you against unexpected reboots and blue screens. Because your screen is made for more colors than just blue.

We've packed the ENDORFY Supremo FM5 Gold 1000W with everything we think is best. For example, you get the 12 cm Fluctus 120 PWM fan to keep your power supply ~~frozen~~ **cool**. The ENDORFY Supremo FM5 Gold 1000 is also small – it's only 14 cm long. That's enough to fit it into smaller enclosures. No wonder our power supply has been certified 80 PLUS® Gold!

Stable on every line

Every *technology hero* experiences their own "rise of the machines" from time to time – like reboots or blue screens. With the Supremo FM5 Gold 1000W, you're always safe and never sorry. We've designed it to maintain a **stable** voltage on each line separately. As a result, your computer works perfectly even with the most demanding components.

What makes this possible is the DC-DC conversion, which guarantees tight voltage regulation, stable operation, and a total continuous power delivery of 850 W. You get a complete package of protection against short circuits and overloads, among other things. This means that your PSU will simply shut down if there's a failure or overvoltage in the power grid.

That sounds good!

When you're working with top components, you need a power supply that can easily keep up with their requirements (and yours too). Enter the Supremo FM5 Gold 1000W – all in ~~white~~ **black**.

It is a powerful device that keeps up with the pace of your work without any kind of hum. It never overheats or makes a noise even when you're rendering 3D projects or encoding video from dawn till dusk.

What makes this possible is our greatest pride – the **silent** Fluctus 120 PWM fan. It's small, but it brings the temperatures down like the best A/C system you can think of. It keeps the Supremo cool even during the most demanding tasks, and you can work and play without that annoying hum in the background

Japanese capacitors only

The Supremo FM5 Gold 1000W is a power supply that can easily handle the most hardcore temperatures. Where the water starts to boil, this PSU keeps it cool – it can work even at 105° Celsius.

It's because of the [Japanese](#) electrolytic and aluminium-polymer (solid-state) capacitors. They are small, but they hold the true power of the samurai – we are considering giving them tiny katanas in the next revision;)

7-year warranty

The Supremo FM5 Gold 850 W is covered by an extended [7-year](#) warranty. You probably won't need to use it anyway (hello, it's ENDORFY!), but it's still nice to have it.

ENDORFY Supremo FM5 Gold 1000W – main features:

- 80 PLUS® Gold certified
- Whisper-quiet operation
- Optimized Fluctus fan
- Long-life FDB bearing
- 100% Japanese capacitors
- 7-year warranty
- Fully modular cables
- Compact casing

ENDORFY Supremo FM5 Gold 1000W – technical specifications:

- Product code: EY7A010
- EAN: 5903018666198
- Product type: ATX Power Supply
- Color: black
- Dimensions: 87×140×150 mm (H×W×L)
- Continuous power: 1000 W
- Efficiency: 80 PLUS® Gold
- Cabling: fully modular black ribbon, black sleeved ATX
- Fan: 120 mm Fluctus
- Fan bearing: FDB
- Protections:
 - OVP
 - UVP
 - OCP
 - SCP
 - OPP
 - SIP
 - OTP
- Input voltage: 115 V / 230 V
- Connector count and cable length:
 - 2× EPS 12V 8-PIN (4+4), 705 mm
 - 1× ATX 24-PIN, 600 mm
 - 4× PCI-E 8-PIN (6+2), 560 mm
 - 8× SATA, 560 – 880 mm
 - 1× MOLEX, 880 mm
- MTBF: 100 000 h
- Warranty: 84 months

ENDORFY Supremo FM5 Gold 1000W – logistics data:

- Retail box dimensions: 270×220×95 mm

- Weight (net): 1.506 kg
- Weight (gross): 2.691 kg
- Master carton dimensions: 590×235×290 mm
- Product quantity in master carton: 6 pcs

Set includes:

- Supremo FM5 Gold 1000W power supply
- Modular cabling
- Power cord
- Mounting accessories
- Safety instruction
