

**Product name: ENDORFY Atlas GS Double**

**Product code: EY8F009**

ENDORFY Atlas GS Double is a dual gas spring monitor arm designed to keep your screens securely in a precisely adjusted positions. The durable construction supports two monitors up to 32 inches and 10 kg. Gas springs tested for 20,000 cycles ensures smooth movement and long-term reliability, while the thoughtful design helps keep your workspace organized.

### **Wide display compatibility**

The arm supports two monitors up to 32 inches and 10 kg, covering most typical models available on the market.

### **Stable construction with gas spring**

The durable construction combined with two high-quality gas springs (one in each arm) provides reliable support even for most monitors available on the market.

The mechanism has been tested for thousands upon thousands of cycles, confirming long-term durability. Resistance adjustment matched to the monitor weight allows smooth positioning without the need to apply force.

### **Cable management channels**

The arms features enlarged upper cable routing channels that can accommodate multiple power, signal, and accessory cables. This helps keep your desk tidy and reduces cable strain in the upper segments when adjusting the monitor. The covers can be easily removed and reattached thanks to a tool-free pin-based system. In the lower section, cables can be simply slid into the integrated holder.

### **Full monitor adjustment**

The arm offers a wide range of adjustments and a maximum reach of 52 cm. Pivot ( $\pm 180^\circ$ ) allows switching between landscape and portrait modes, while swivel ( $\pm 90^\circ$ ) enables side rotation. The tilt range from  $+25^\circ$  to  $-35^\circ$  ensures comfortable viewing angles.

### **360° arm rotation**

The entire arms rotate 360°, allowing flexible positioning in any direction. Adjustable tension screws in both segments improve control and precision, helping you achieve an ergonomic setup tailored to your needs.

### **VESA mounting system**

Detachable VESA plates compatible with 75×75 mm and 100×100 mm standards enables quick and convenient installation. You can attach them to the monitors first and then slide them onto the arms without holding the displays in place.

Included spacers and longer screws ensure compatibility with monitors featuring recessed VESA mounts or curved panels.

### **Easy desk installation**

The Atlas GS Pro Double can be mounted using a C-clamp or a grommet system, that uses a hole in the desk, for desks up to 70 mm thick. The improved C-clamp

allows tightening from the top, without reaching under the desk, while a rubber pad protects the surface from damage.

**ENDORFY Atlas GS Double – main features:**

- Durable construction
- Gas springs tested for 20,000 cycles
- Enlarged upper cable routing channels
- Detachable VESA plates for easy installation
- Supports most monitors available on the market
- Compatible with curved displays and models with deeper VESA mounting
- C-clamp and grommet mounting options
- Pivot  $\pm 180^\circ$ , swivel  $\pm 90^\circ$ , tilt  $+25^\circ / -35^\circ$
- $360^\circ$  arms rotation

**ENDORFY Atlas GS Double – technical specifications:**

- Product code: EY8F009
- EAN: 5903018668833
- Product type: dual monitor arm
- Color: black
- Material: steel, plastic, aluminum
- Spring type: gas
- Weight: 3.65 kg
- Supported desk thickness (C-clamp): 15–65 mm
- Supported desk thickness (grommet): 10–70 mm
- VESA standard:
  - 75×75 mm
  - 100×100 mm
- Maximum monitor size: 32"
- Maximum monitor weight: 10 kg
- Adjustment range:
  - Swivel:  $-90^\circ$  to  $+90^\circ$
  - Tilt:  $-35^\circ$  to  $+25^\circ$
  - Pivot:  $-180^\circ$  to  $+180^\circ$
- Warranty: 24 months

**ENDORFY Atlas GS Double – logistics data:**

- Retail box dimensions: 446×298×130 mm
- Weight (net): 3.65 kg
- Weight (gross): 4.72 kg
- Master carton dimensions: 615×460×280 mm
- Master carton weight (gross): 19.75 kg
- Product quantity in master carton: 4 pcs

**Set includes:**

- 1× ENDORFY Atlas GS Double monitor arm
- 1× C-clamp mount
- 1× Grommet mount
- 2× VESA mounting plate
- 2× Removable cable channels
- 1× Mounting screws set

- 1× Installation tools set
- 1× User and safety manual
